

## ICR-1102

### Entry-level LTE Cat. 1 Router

#### KEY FEATURES

- ✓ LTE Cat.1
- ✓ 2\*Micro SIM
- ✓ 2 x RJ-45 FE
- ✓ DC 5~32V in

#### INTRODUCTION

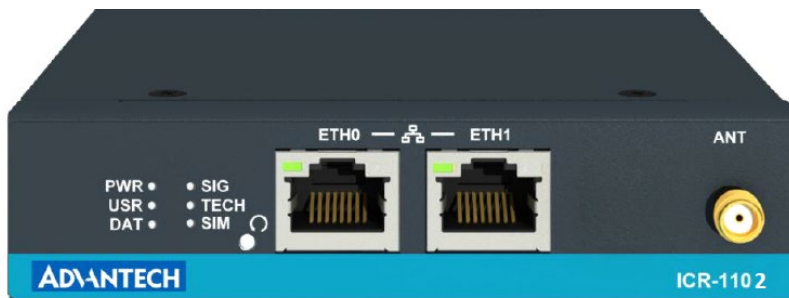

ICR-1102-ASA is a cellular-based Ethernet modem. The product creates immediate cellular network for end device via RJ-45 port. It provides cellular capability LTE Cat.1.

#### APPLICATION

Industrial PC,  
IP camera,  
Digital Signage,  
Commercial Printer,  
RJ45 port attachment devices

Product Summary as follows:

1. Low Power Consumption and High Reliability
2. Ideal for standalone IP-based terminals
3. Dual SIM failover and dual FE for better applicability

#### SPECIFICATION

##### Device Interface

- **LTE Module:** 1\*LTE-Cat.1, 2\*Micro SIM
- **Ethernet:** 2\*RJ45 10/100 Ethernet Port
- **Power Input:** Terminal Block DC 5~32V
- **Button:** 1\*HW Reset button
- **Antenna Con.:** 1\*SMA (F)-LTE

##### WAN & Uplink

- **WAN:** NAT / Modem Mode
- **Cellular:** 3GPP, 3G/LTE, IPv4/IPv6
- **Network Monitor:** ICMP Checking

##### Protocol

- **LAN:** DHCP Server
- **IPv6:** Cellular IPv6
- **Port Forward:** Virtual Server

##### Administration

- **Configuration:** Web UI
- **System:** Upgrade, Reboot & Reset

##### Service

- **Cellular Toolkit:** SMS

##### Environment

- **OP/Store Temp.:** -30°C ~ 70°C; -40°C ~ 85°C
- **Humidity:** 10%~95% (non-condensing)
- **Enclosure:** Metal
- **Dimension:** 103 x 95 x 25 mm

##### Package Accessory

- 1\*ICR-1102-ASA
- 1\*Terminal Block (2 pin)
- 1\*Wallmount kit

##### Option

- LTE antenna
