## Change Description

### Detailed Description of the Change:

- Due to the discontinuation of the original power supply, we have replaced the power supply with another type.

## Anticipated Impact

### Detailed Description of the Impact:

- All other parameters remain the same except for the maximal output current, which has increased from 1.5 A to 2.0 A.
- The order code for this accessory remains the same, *RPS-ICR4-WR2-M*.

## Qualification Data

The new version of the product fulfills all internal quality requirements according to our Quality Management process and philosophy.
