PRODUCT CHANGE NOTIFICATION

Regulatory Info and Label Updates

Product Identification

Affected Products:

- **SmartFlex** (SR300, SR304, SR308, SR309, SR310),
- **ICR-2000, ICR-2400, ICR-2500, ICR-2600, ICR-2700, ICR-2800, ICR-3200, ICR-4100, ICR-4200 and ICR-4400** product families.

Change Description

Detailed Description of the Change:

- **Quick Start Guide Leaflet:** The QSG leaflet has been updated to include a direct link to the *Regulatory Info* (icr.advantech.com/regulatory-info) on the Engineering Portal. This URL opens a PDF document that specifies the maximum transmit power values for the routers, fulfilling European legislative requirements. This document is available in several selected European languages.
- **Product Labels (Wi-Fi Models Only):** To comply with European legislation, the labels on all Wi-Fi router models have been updated to include a specific restriction pictogram (a book with an exclamation mark) and a table listing European country abbreviations.

Anticipated Impact

Detailed Description of the Impact:

- The applied changes improve, simplify, and clarify the information provided to end users regarding the European regulatory standards applicable to the purchased radio equipment.
- All other product parameters remain unchanged.

Qualification Data

The new version of the product fulfills all internal quality requirements according to our Quality Management process and philosophy.
