PRODUCT CHANGE NOTIFICATION

Improved Package Filling

Product Identification

List of all Affected Products:

ICR-3200 routers (ICR-3201(W), ICR-3211B, ICR-3231(W), ICR-3232(W), ICR-3241(W))

Description of Change

Detailed Description of the Change: We have developed a new design of the package filling for the *ICR-3200* routers. This new filling consists of one piece of folded cardboard, see Figure 1. The packaging with the new filling demonstrates Figure 2.

Reason for Change: Using the new package filling significantly reduces the damages to the filling eventually damages to the router, which may happen during the transportation.

Anticipated Impact

Detailed Description of the Impact: There is no side impact to the customer. The package box itself, including the dimensions, remains the same.

Qualification Data

All these changes fulfil all internal quality requirements according to our Quality Management process and policy.

¹Proposed date of the first production shipment.
